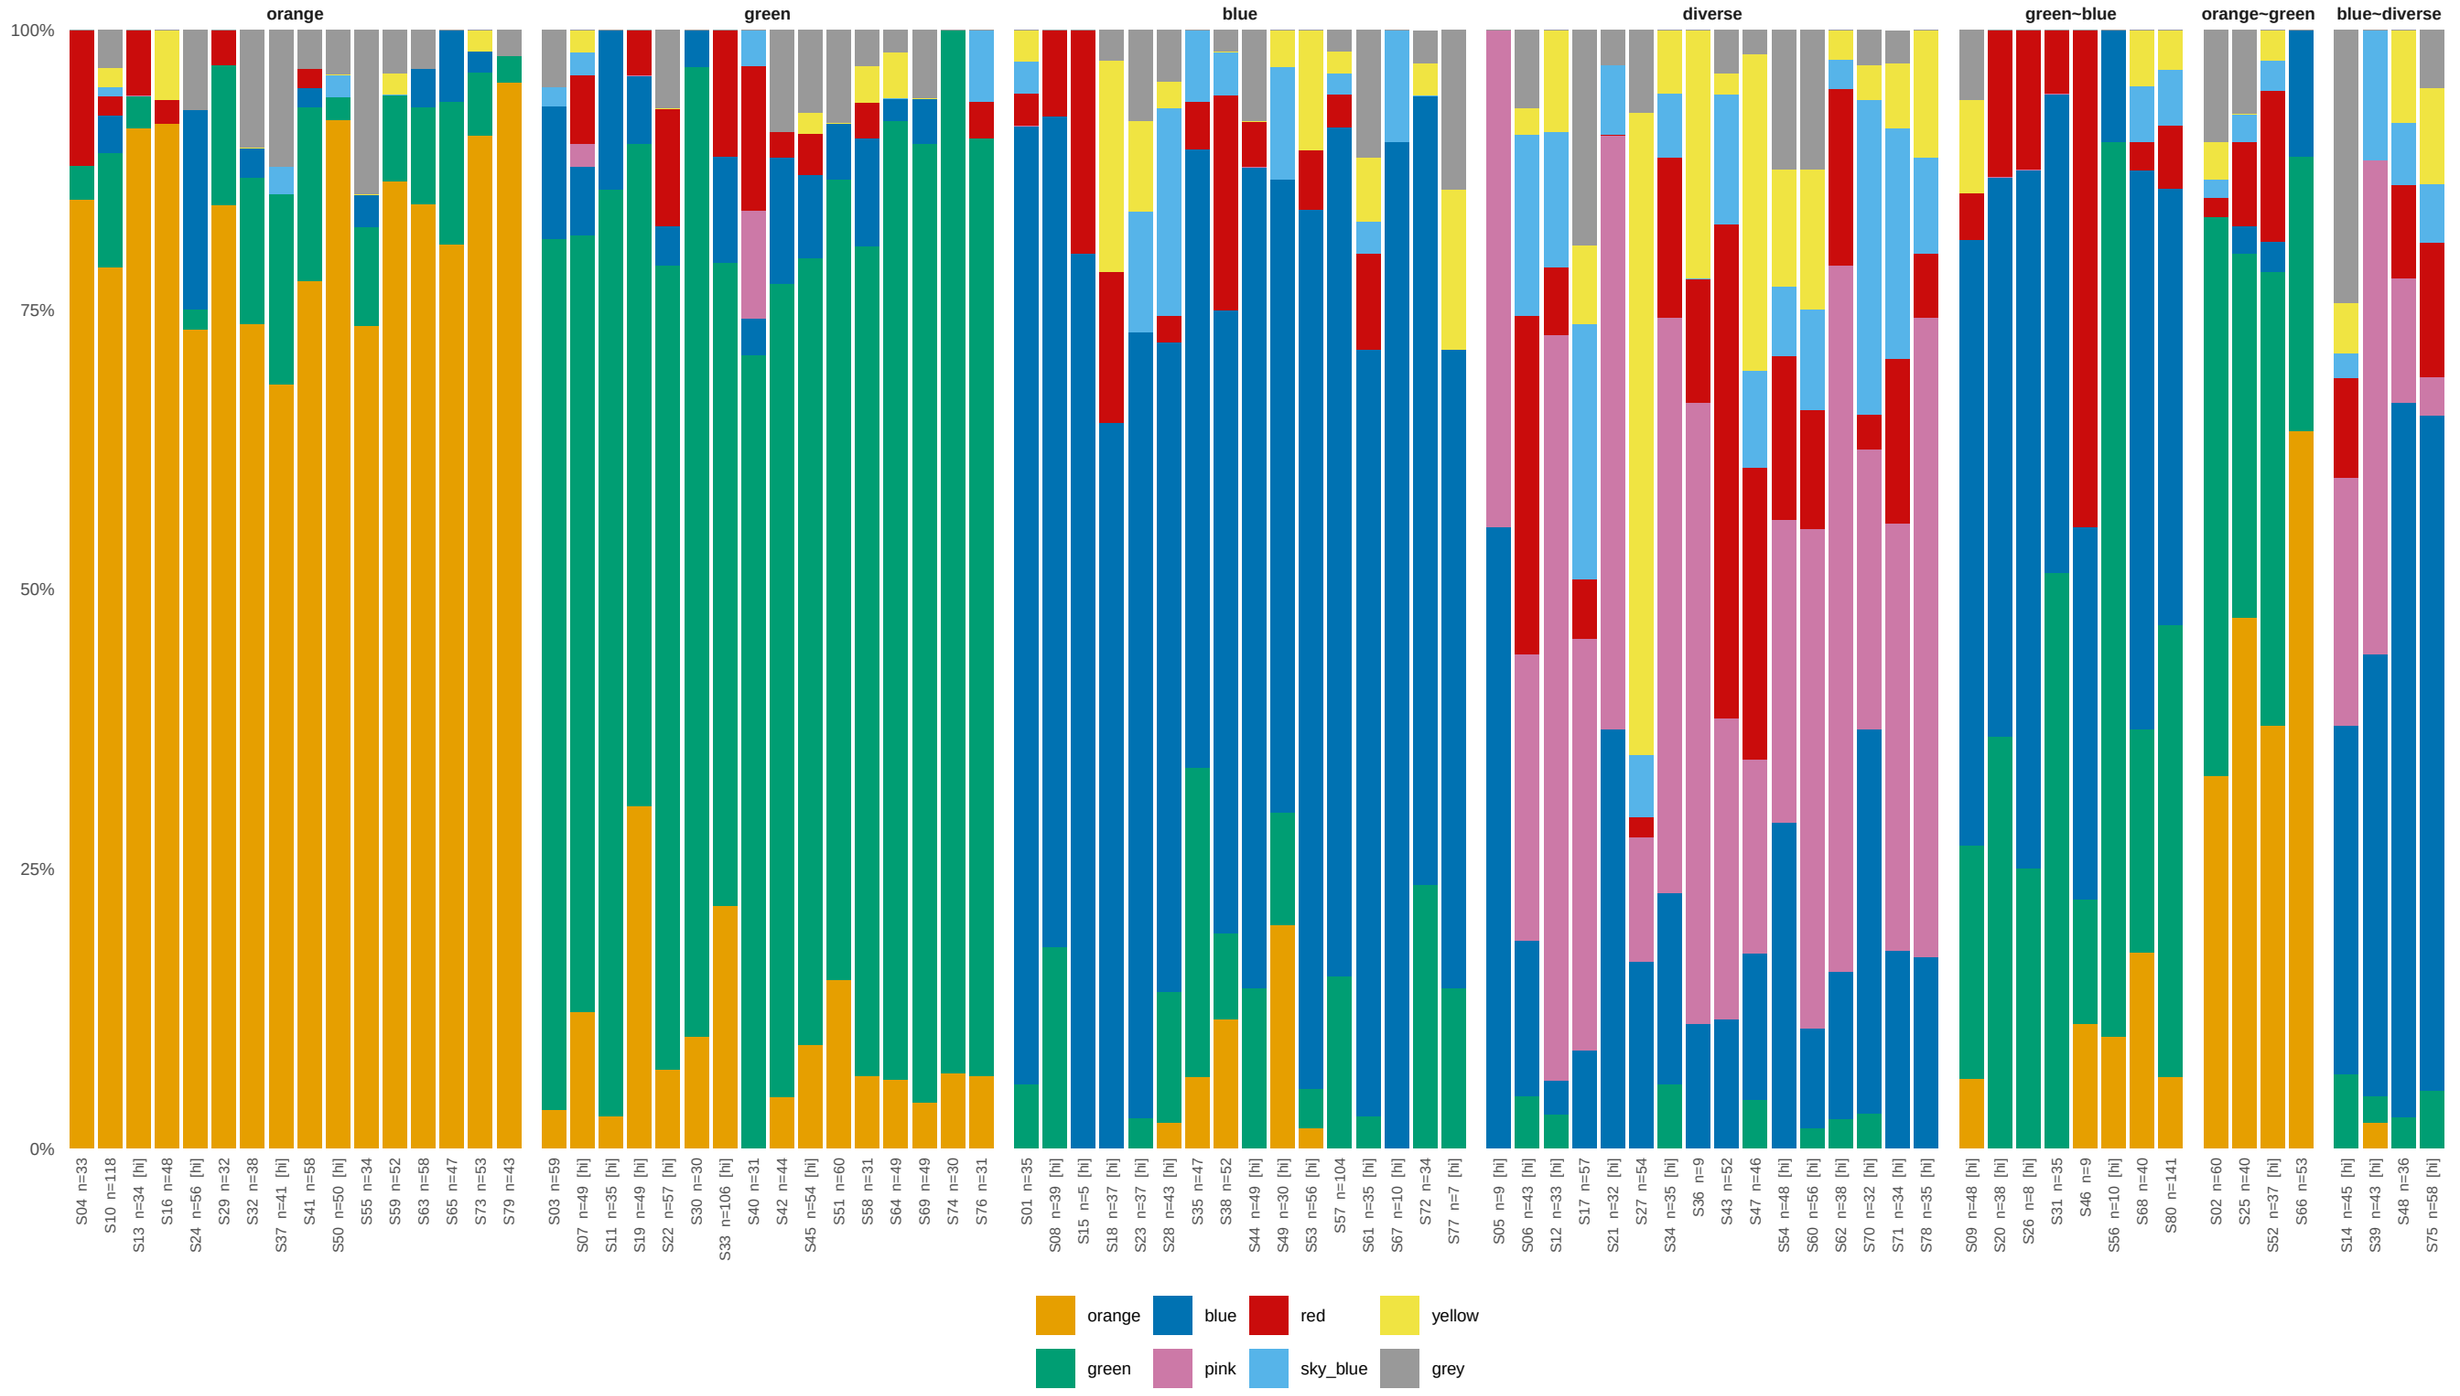
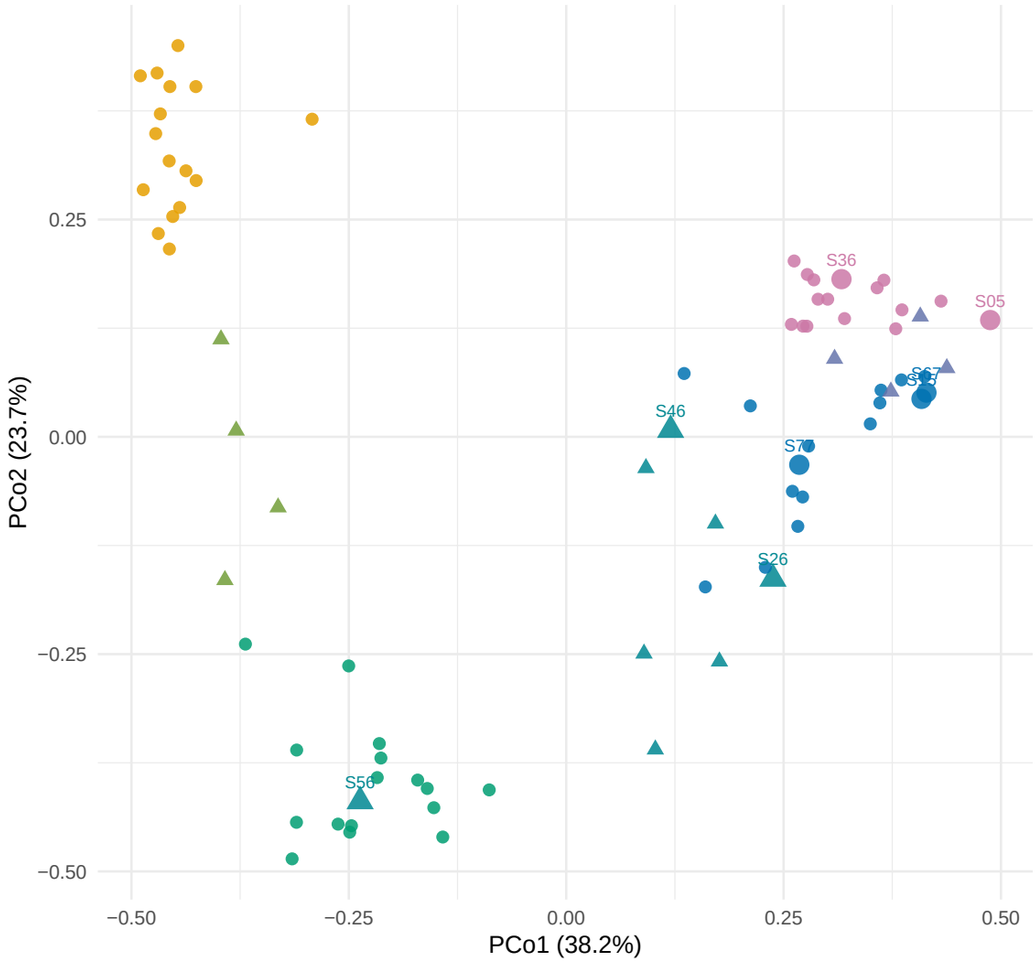
All 80 cards, grouped by source (bag type or blend)

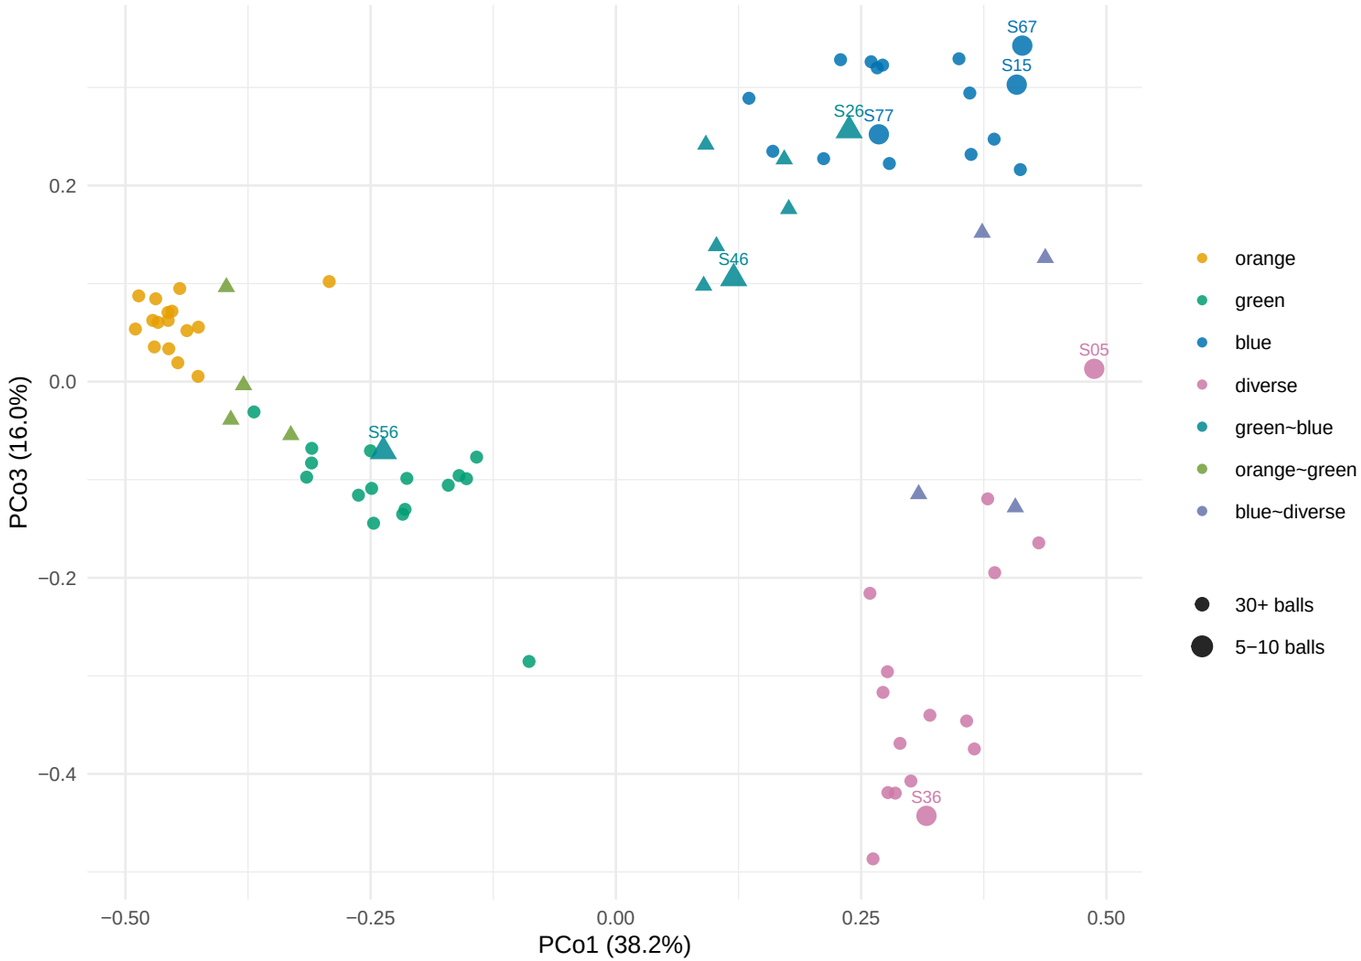
Label: card id, depth in balls, [hi] = high inflammation. Bars are proportions, as printed on the card front.



Bray−Curtis PCoA of the 80 cards (on proportions)

Triangles are blends. Labelled, enlarged points are the shallow 5−10 ball cards.





Round 2 floor axes, what the room should look like

Compare to PCo1/PCo2 on the previous page.
